The Camper Spending Money Account (CSMA) is additional funds kept in the camp office for campers to take out upon request when they go on all-camp or optional trips, to purchase items from the camp store or to pay for their medications. We recommend that you put approximately \$25.00 per week into your camper's CSMA.

Please look at the list below to see the suggested maximum amount each camper will be allowed to take on each trip. Campers may request money and will be given cash out of their CSMA on the day of the trip. Any money that is not spent will be returned upon camper departure.
